

## Project and Gantt properties

Options menu

- **Project and Gantt properties**
- Labels management
- User fields management

This window allows you to set up various properties for your project.

### "Project properties" tab

You can change the general properties of your project, in particular rename it and change its start and end dates:

Description	<input type="text" value="VRD"/>
Manager	<input type="text" value="Fabien GABORIAU"/>
Start date	<input type="text"/> 
End date	<input type="text"/> 

In this tab you can also set the prefix for tasks, the date format, the default units, and choose the behavior in case of a change in the calendar for an task (date or duration adjustment):

Default options	
Prefix (ID):	<input type="text" value="PM"/>
KP precision	<input type="text" value="2"/>
Date format:	<input type="text" value="24/02/2020 13:50 (fr)"/> ▼
Distance unit	<input type="text" value="km"/> ▼
Default units	
Duration	<input type="text" value="Hours"/> ▼
Quantity	<input type="text" value="m"/> ▼
In case of a calendar change on a task:	
<input checked="" type="radio"/>	Keep task dates.
<input type="radio"/>	Keep task duration.

Finally, you can change the default colors for the different statuses:

Default color of the status:	
To do:	<span style="color: red;">■</span> #ff0000
In progress:	<span style="color: blue;">■</span> #0000ff
Grids color	<span style="color: orange;">■</span> #ff9f00
Finished:	<span style="color: green;">■</span> #00ff00
Right-of-way (RoW)	<span style="color: orange;">■</span> Orange
Impact	<span style="color: darkred;">■</span> #a52a2a

## Gantt chart settings tab

### Default bars

Here you can change the appearance of the Gantt bars: text color, line height and margins.

Default bars			
Drag & Drop	Area ...	Separator: <input type="checkbox"/>	Text color: <span style="background-color: black; color: black;">■</span> Noir
<div style="border: 1px solid black; padding: 5px; display: inline-block;"> <span style="background-color: gray; color: gray;">■</span> #4d... Name (PM)         </div>			Line height: 18.0 px Top margin: 15.0 % Bar: 70.0 % Bottom margin: 15.0 %

### Custom links

You can change the default color of link types:

- “Default”
- “Critical path”
- “Not scheduled”

You can also define your own link categories:

Link category	<input type="text" value="My link type"/>	<span>#663366</span> ▼	<span>+</span>	<span>-</span>
Links		Settings		
<input type="text" value="My link type"/>		<span>#663366</span> ▼
